**AI in Your Verification Future**

**‘An initial rudimentary solution  
to a properly understood  
problem is always worth more  
than a perfect solution to a  
poorly understood problem’**

# IC Verification Engineers

|                | Permanent | Contract |
|----------------|-----------|----------|
|                |           |          |
| UK             | 500       | 25       |
|                |           |          |
| Western Europe | 1500      | 175      |
|                |           |          |
| Eastern Europe | 500       | 100      |
|                |           |          |
